

Session 2009/2010

Vehicle Maintenance and Repair NVQ Level 2 (Ref: T89)

Course Duration: 1 Year
Part Time: See course outline below

Course Outline

This course is aimed at candidates who are already in appropriate employment within the motor vehicle trade. The course is based within the work place where assessment will take place, but learners may have to attend College for training sessions and building a portfolio. This will be agreed with the candidate at interview. Successful completion of this course is one of the entry requirements for progression onto the equivalent Level 3 course.

Course Content

The course consists of the following 7 mandatory units:

- Contribute to workshop good housekeeping
- Health and safety
- Maintain positive working relationships
- Remove and replace engine units and components
- Remove and replace auxiliary electrical units and components
- Remove and replace chassis units and components
- Carry out routine maintenance

In addition, 1 optional unit must be undertaken, normally:

- Remove and replace transmission and driveline units and components

Assessment

Assessment of this qualification will be by six observations in the work place and the building of a portfolio of evidence. **If further work place visits are required, additional costs will be payable and must be agreed before the course commences.**
